Meet Our New Board Members!

BY SELENA XIANG

Victoria Flores

Favorite part of skating: I like the unlimited potential in ice skating, how I have the ability to do anything and everything. It's very freeing.

Interesting fact: I'm afraid of turtles (but only sea turtles)

Grace He

Favorite part of skating: my favorite thing to explore in my skating is learning new, creative spin positions. I love trying new things on and off the ice.

Interesting fact: I have an obsession with learning cool spirals and weird tricks, which can be quite weird

Selena Xiang

Favorite part of skating: I love the feeling of how happy and proud I feel when landing a new jump . I also love learning new choreography.

Interesting fact: My little sister and I share the same birthday even though we are 8 years apart!

Alisa (Ari) Kunimoto

Favorite part of skating: I love the gush of cold air brushing against me when I skate powerfully

Interesting fact: I've sat down and eaten an ENTIRE COSTCO JAR OF PICKLES

Isleen Pi

Favorite part of skating: My favorite part of ice skating is learning new jumps and spins.

Interesting fact: I have a twin sister.
